PRESS RELEASE

19 November 2010

Hong Kong, 19 November 2010 – The Alternative Investment Management Association (“**AIMA**”) with the aid of CompliancePlus Consulting Limited, a compliance consulting company based in Hong Kong, has launched a Chinese simplified version of the first global hedge fund guide for institutional investors with the aim of informing the investment community in China on the function and benefits of hedge funds.

“I kindly thank and appreciate the Alternative Investment Management Association in recognizing CompliancePlus’ desire to promote a stable finance industry in China and am honoured that CompliancePlus was chosen to vet the Chinese simplified version of AIMA’s Roadmap to Hedge Funds. We see China and its respective investment experts as emergent thought leaders whose recent performance is clear and comparable to other, long established names.

But there is still much to be done. The recent years have shown a greater need for a stronger, collaborative regulatory oversight. We have begun to, and hope to continue to, provide China’s private fund managers, hedge fund managers, fund management companies and financial firms and institutions with our expert advice on compliance obligations and solutions, both regulatory requirements and industry best practices in the hopes of cooperatively developing the image of a safer, stronger, long-term stable hedge fund industry.” said Ms Josephine Chung, Director of CompliancePlus.

CompliancePlus offers proactive and practical compliance solutions and recommendations to private fund managers, hedge fund managers, fund management companies and financial firms and institutions in Asia to help their compliance staff meet their compliance obligations and conform to local regulatory compliance requirements.
