

PRESS RELEASE 11 November 2013

Hong Kong, 11 November 2013 – At the annual **AsianInvestor** Service Provider Awards for excellence in supporting buy-side Asia Pacific, CompliancePlus was the proud recipient of the “**Best Compliance Services Provider 2013**”. Having surpassed other providers in the provision of expert advices and solutions and taking proactive, effective action in the development of a sustainable industry, CompliancePlus Director, Josephine Chung, had this to say:

“After years of hard work: cultivating our professional networks and overseas clients; growing a strong, diversified base; and time and time again serviced our clients with quality compliance services and professionalism I am humbled by this award.

In all our efforts, our priority was the betterment of ourselves and the Hong Kong asset management industry for our clients and the general public. I am thankful that we achieved this and achieved it with respected recognition. This award would not have been possible without the instrumental support garnered from the market and our clients.

So let me now thank all those who deserve thanks. I thank my clients for the trust they give, allowing me to steer them in this changing sea of regulations. I thank my team for their tireless efforts, who nonstop pull me through these unsteady waters. And of course, I thank all our friends and partners in the industry - CompliancePlus could not have navigated these waters without their support.

But, like a rising tide, compliance cannot be staunched with complacency. A dark cloud from over the horizon portends a monsoon of over-regulation from foreign, uncoordinated bodies. CompliancePlus pledges, with the support of our clients and our friends and partners in the industry, we will continue to do the best by Hong Kong, the market and the clients.”

CompliancePlus offers award-winning proactive and practical compliance solutions and recommendations to private fund managers, hedge fund managers, fund management companies and financial firms and institutions in Asia and the world to help their staff meet their compliance obligations and conform to local regulatory compliance requirements.
